

# **Bio-Economy**

## **Solution for**

### **Clean Air, Water and Future food security**

**Urban**

**Rural**

# Our Motto: People , Planet and Profit

**Mithunram Group Ventures**  
**Bore-well Drilling**  
**Apparel Exports**  
**Textile printing and processing**  
**Import and Export of textile printing M/C**  
**Organic Colour manufacturing**  
**Real Estate and Sustainable Agriculture**  
**Solar Energy Parks**

# Our Vision Greening globe!

to control and curtail **Global Warming**

**Luxuries alone won't Do!**

**To cure the co2 from atmosphere:**

**Barren land Development**

**7 Billion Acres**

**Horticulture, Floriculture, Medicinal Plantations**

**Afforestation and Social Forestry**

**Cotton County and Bio corridors**

**Cure Process is Fast and Affordable**

# To Prevent the Atmosphere

## Renewal Energy

## Water Conservation

## Alternatives for Fossil Fuel

## Reduction on co2 and CFC

# Opportunities

- Bio Pellets from agricultural waste
- Bio Energy from municipal waste
- Bio Mass Power utilizing energy crops
- Bio refinery
- Bio Fertilizers / Pesticides
- Bio Plant Extracts

## Global Issues:

- CO2 Emission peaks 28 Billion tons every year Globally
- Rise in migration of people from Rural to urban areas
- Instability for the farmers

# Our Initiatives

- Motivating Individual, SME and Corporate
- Emission Calculation
- Contract farming system
- Processing Clusters
- Increased Bio based benefits
- Introduce Oxygen Credits
- Benefits of Rural development vs urban
- Green Club International
- Greening Tamil Nadu Summit

## Benefits

- Curtail Global Warming
- Future Food Security
- Clean Air and Water
- Soil Enrichment
- Socially secured farmers life
- Rural Development and Employment
- Inputs for all Bio based projects

# Challenges

Availability of Barren Lands

Bankability

Investment

Technology

Policy

CSR in India

National Rural Employment Guarantee Scheme

Promotion of Agri products

World Green Parliament

**We would like to join hands with  
interested investors, Technologist  
and the Government to establish  
sustainable projects in proper and  
faster manner**

Join Hands...

**SUSTAINABILITY is not a subject  
it is the life of 7 Billion People**

**Take a Step towards  
Conservation of Environment  
and promote Bio Economy**
