Short-term Exchange Programme,
Brussels, Nov 18, 2014

India-EU Short-term Exchange

Purpose of the Programme

enhance international cooperation between IND and the EU:

- sustainable solutions: biomass production and biowaste conversion
- create conditions for mutual learning
- junior experts to establish sustainable cooperation

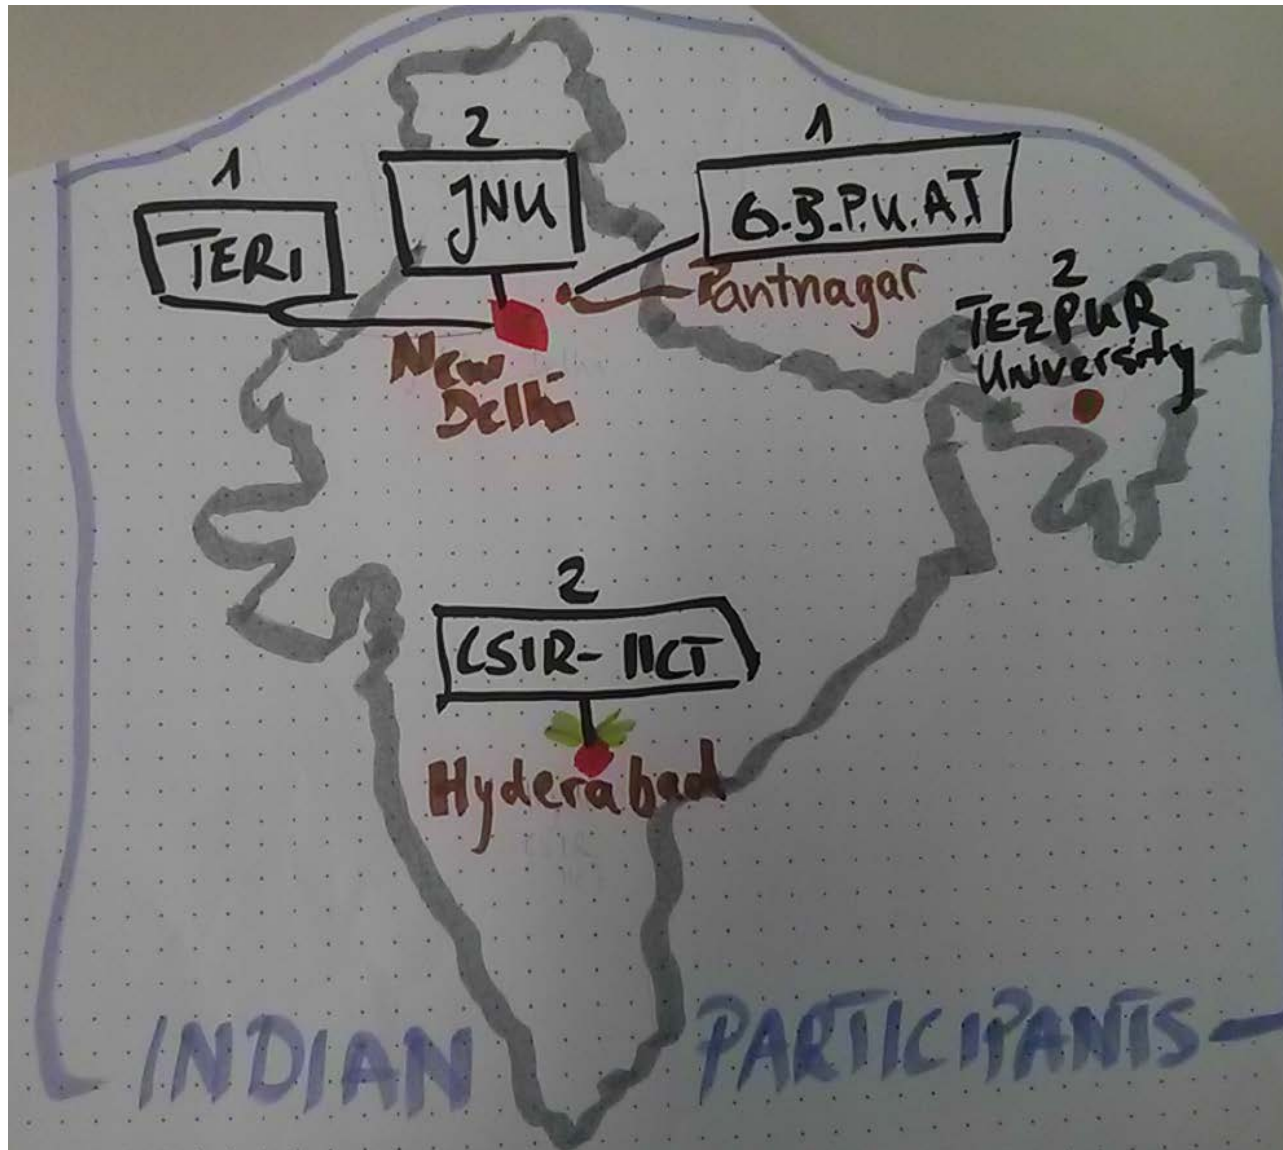

Eligibility Criteria

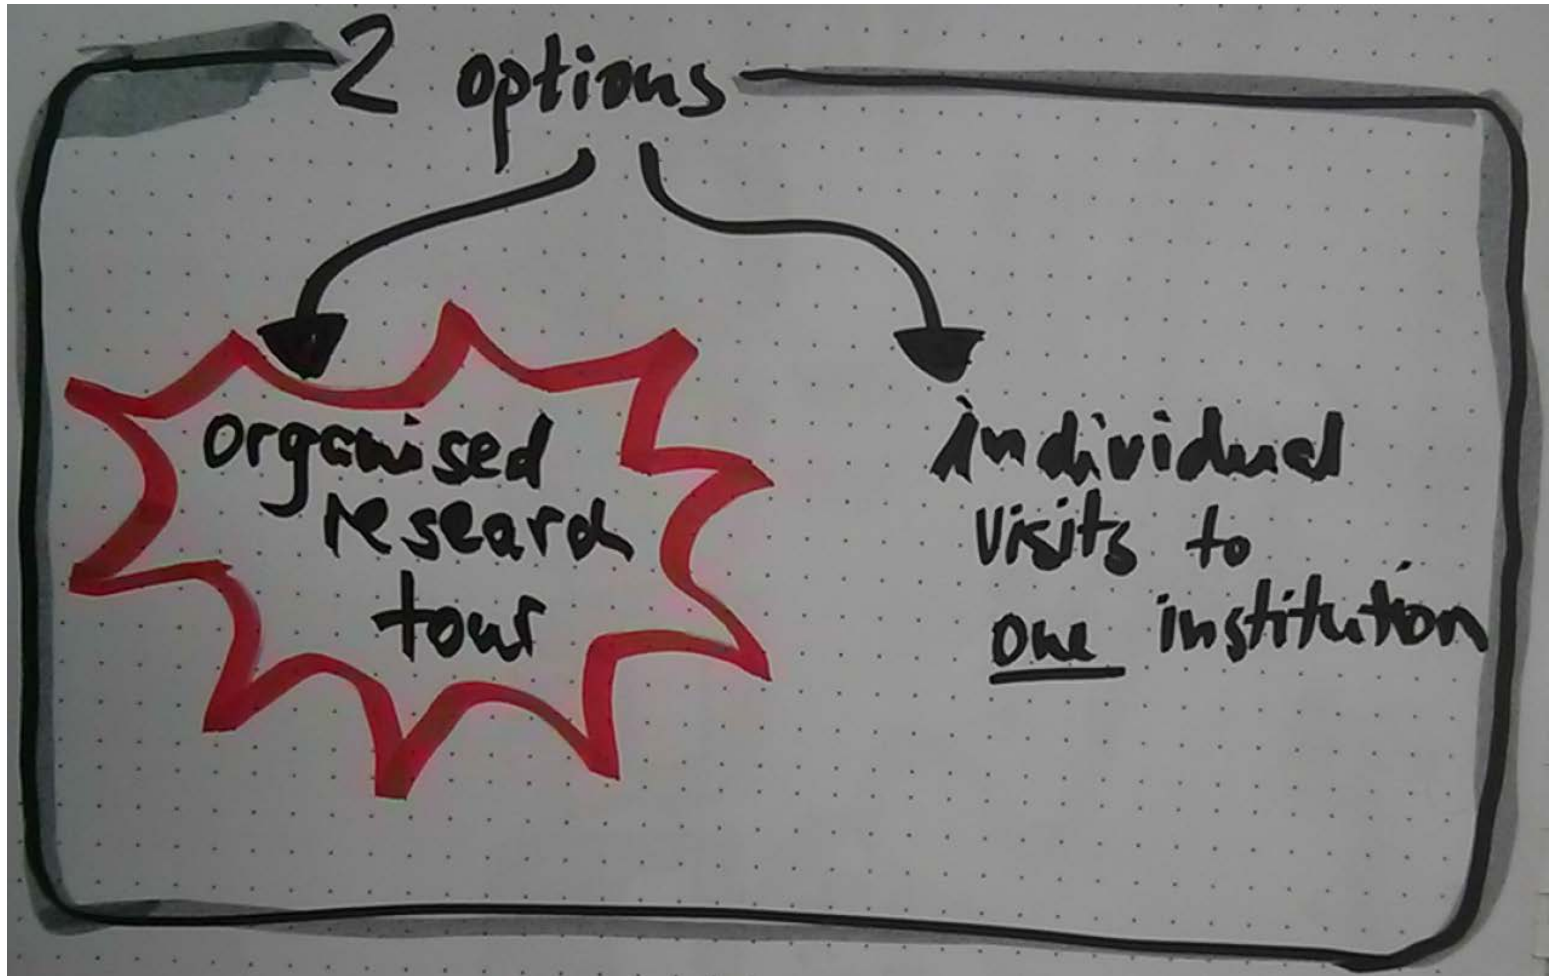

- Individuals under 35
- Research field of biomass / biowaste
- Minimum degree: post graduation in the relevant areas
- Successful assessment of proposals by experts

Affiliation of the Indian participants

Tour planning

Destinations in Europe

Activities during STE Tour

I Scientific exchange

- Presentations: Indian participants and host institutions
- Extensive Q&A sessions
- On-site visits of facilities

II Cultural experience

- City tours of Antwerp, Utrecht, Bonn
- Local cuisine
- Transport in Europe

FEEDBACK

- interesting exchange on research fields
- lack of Indian food
- very good hosting institutes
- short time

Suggestions

- opportunities for practical lab work
- fewer presentations
- more on-site visits
- tour bus instead of train.

--- from the organisers...

- effective method for establishing linkages
- 1st contact with Europe
- cost-efficient group tour
 - total budget $\leq 15,000$ €
